

Initial Dashboard Napkin

Dashboard

Overview/Data/Sources	
Current Price	Historical Price
Prices to US Revenue Time Series	Time Series Explanation
Correlation Matrix	Matrix Explanation
Regression Curves of Selected Economic Features (for VTI in general)	
Summary of Sectors	Correlation Matrices for Sectors

Feedback

AlgoRhythm Group:

- The layout flows well from top to bottom.
- Consider switching order of Correlation Matrix (top) section and Regression Curves section so that the lower section is dedicated to Matrices.

JADR Health Insights Group:

- Make sure to introduce the goal in the dashboard, we need context for what VTI is and what you're examining.
